

Niger Delta Weekly Conflict Update

Reducing the Risk of Communal Violence and Economic Loss in Delta State

April 06-12, 2025

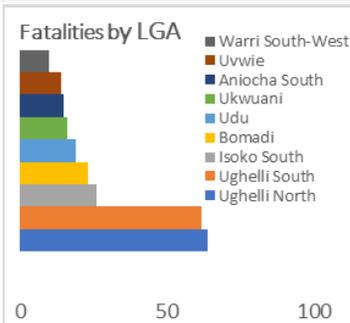

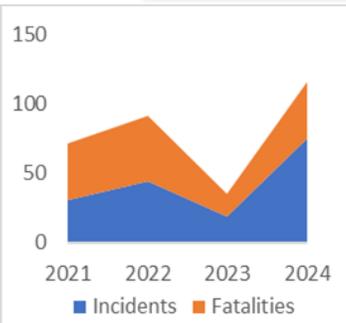

This weekly update highlights growing risks of communal unrest and potential disruptions to economic activities in Delta State. Recent incidents, including the shutdown of key economic facilities by protesting youths, rising ethnic tensions, and mass demonstrations over insecurity, reflect escalating grievances and tensions across the state.

Heat Map shows the concentration of fatalities caused by communal violence in Delta State from January 2021 - December 2024. Sources: All data sources formatted on PIND's P4P Peace Map www.p4pnigerdelta.org

Trends and Flashpoints of Communal Unrest and Violence in Delta State

Anticipated Trends and Dynamics

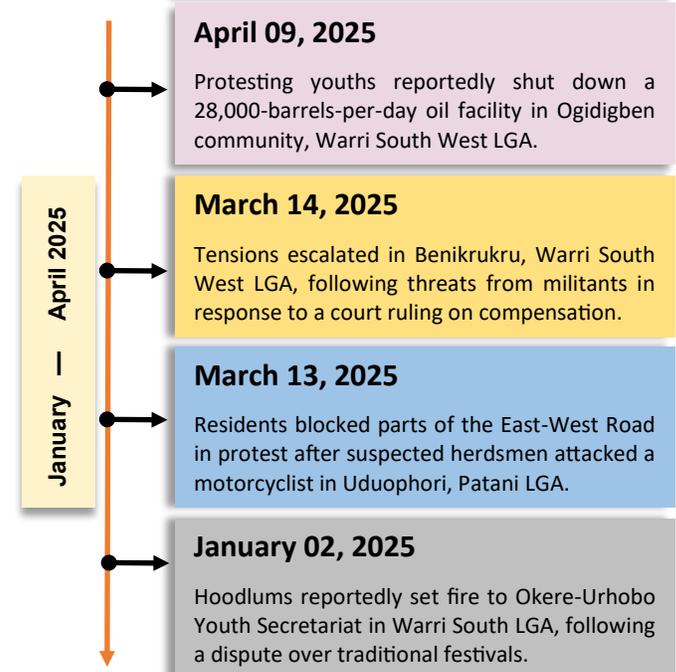

The recent mass protests signal increasing frustrations among local communities over governance challenges, insecurity, and perceived marginalization, raising the risk of further unrest and disruptions to businesses and livelihoods if underlying issues remain unaddressed.

Actions Taken to Mitigate the Situation

Security agencies have stepped up patrols, and the government is engaging with community leaders in dialogue. Civil society groups are pushing for peaceful resolutions, while companies are working with security forces to protect key infrastructure and prevent disruptions.
