Theme: Towards Self Sustaining Development in the Niger Delta:
Narrating and Showcasing a Re-Imagined Niger Delta

Goodwill message to participants of the NDDF by Honorable Minister Pastor Usani Uguru Usani

“ I wish... for a Niger Delta that kids like my daughter will inherit. It will not be one filled by crime and mayhem. I see a Niger Delta having the current infrastructure and human capital status of South Korea. We must do what they did. ”

Changing Mindsets

“ Poor value orientation has to do with the average Niger Deltan views the world - his/her paradigm. We are working to change this through our work in the region.”
