

Niger Delta Weekly Conflict Update

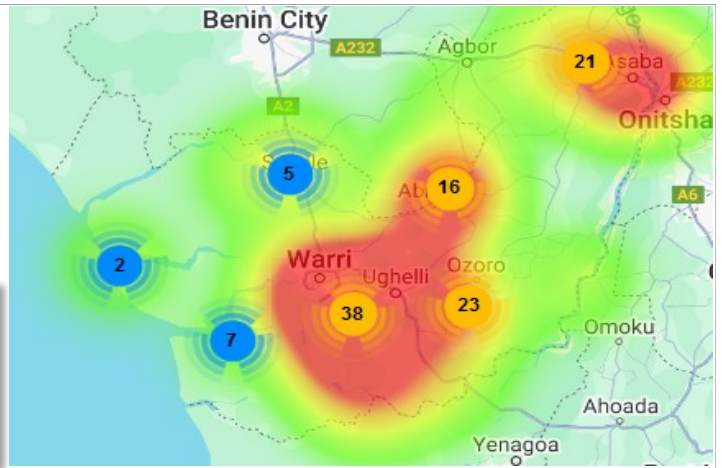

De-escalating Communal Tensions and Criminal Violence in Delta State

January 26 - February 01, 2025

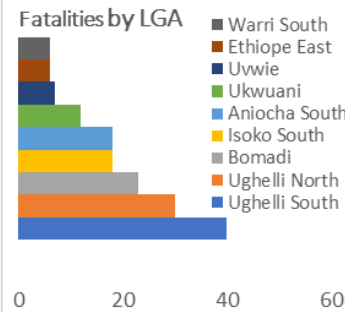

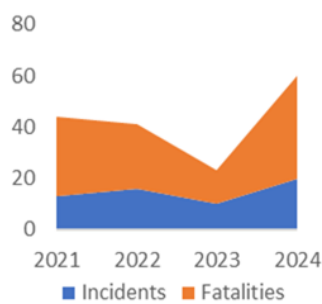

This update highlights organized violence and insecurity in the Niger Delta, with a focus on escalating communal tensions and criminal violence in Delta State. Recent data indicates a surge in lethal incidents, driven by a resurgence of communal conflicts and criminal activities, significantly impacting the state's security landscape.

Trends and Flashpoints of Communal and Criminal Violence in Delta State

Heat map shows concentration of reported incidents of communal and criminal violence in Delta State from January 2021 - November 2024. Sources: All data sources formatted on PIND's P4P Peace Map www.p4p-nigerdelta.org

Anticipated Trends and Dynamics

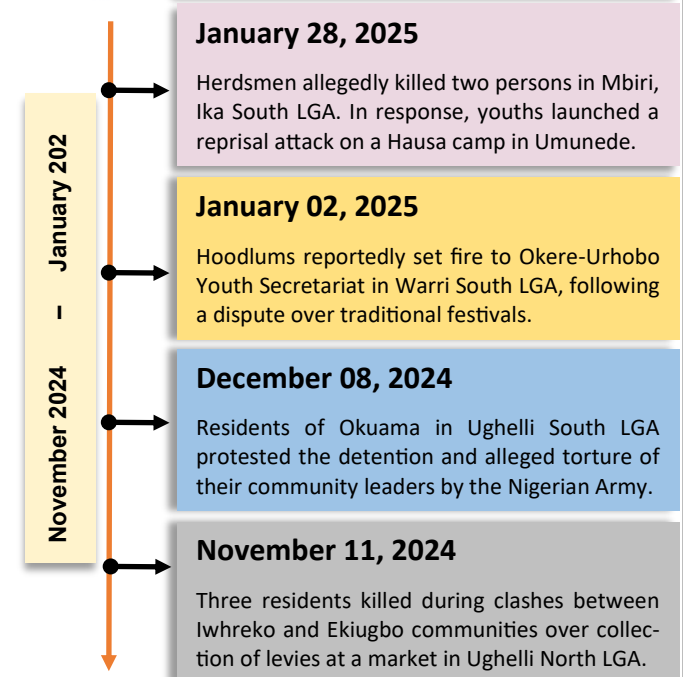

Based on recent trends and historical data, the resurgence of criminal and communal violence could significantly impact the dynamics of conflict and insecurity in the state. This escalation could lead to serious socio-economic, political, and security repercussions.

Actions Taken to Mitigate the Situation

Several organizations are actively addressing violence and insecurity in the state. Peace and development actors are collaborating with government security agencies and community leaders to mitigate the situation. However, there is a need to intensify ongoing efforts.

Timeline of Recent Incidents of Communal and Criminal Violence

Our Services: PIND's Integrated Peace and Development Unit (IPDU) provides technical support to stakeholders and implementing partners across the public and private sectors. With over 12 years of experience in peacebuilding, and conflict management, our in-house team of subject-matter experts, alongside a network of partners on the ground, delivers tailored support to national and international stakeholders. We specialize in peacebuilding, conflict early warning and response, conflict-sensitive development, research, and the production of data-driven conflict reports.
